- ❖ The PBNA advocates with the city on the "bread and butter" issues such as trash, traffic, and safety.
- ❖ We work with the city and developers to support appropriate development that enhances quality of life and preserves our unique architectural heritage. We have had open meetings with developers and business owners that allow your concerns to be heard and addressed.
- ❖ We make the neighborhood more attractive and vibrant through activities such as holiday wreath hanging, neighborhood cleanups, social events, and Halloween activities.
- ❖ We repair and maintain the private alley surfaces to the best of our current financial ability.
- ❖ As individual residents, our impact is limited. Together, we can accomplish a lot.
